Amazon Sales

Executive Summary – Sales Performance & Operations Dashboard

The dashboard provides a comprehensive view of overall sales performance, customer orders, delivery efficiency, product trends, regional contribution, and payment behavior across India.

Overall Business Performance

The business generated **total sales of \$1.12 billion** from **15,000 orders**, indicating strong transaction volume and market penetration. The **average sales value per order is \$74.54K**, reflecting a healthy basket size. The **average customer rating stands at 3.04**, suggesting moderate customer satisfaction with scope for improvement. **Lipstick** emerges as the **top-selling product**, highlighting the strong contribution of the Beauty category.

Category-Level Insights

Sales are well distributed across categories, with **Beauty and Electronics leading at approximately \$0.23 billion each**, followed closely by **Books, Clothing, and Home & Kitchen** at around **\$0.22 billion** each. From a pricing perspective, **Electronics has the highest total unit price contribution**, marginally ahead of Books and Clothing, indicating higher per-unit value products in this segment.

Monthly & Seasonal Trends

Monthly sales show fluctuations with a clear upward trend toward year-end. **December records the highest sales (~\$97.5M)**, while dips are observed around **February and September**, suggesting seasonality effects.

Category-wise monthly analysis shows relatively stable performance across all product categories, with **Electronics and Beauty showing strong peaks during mid-year and festive months**.

Product Performance

At an individual product level, **Lipstick (\$48.2M)**, **Children’s Books**, **Headphones**, and **Hair Dryers** are top contributors. Product sales are fairly balanced, indicating no over-dependence on a single SKU, which reduces concentration risk

Regional & State-Level Analysis

- **Top contributing states** include **Sikkim, Rajasthan, Meghalaya, Chhattisgarh, and Tamil Nadu**, each contributing over **\$42M–\$43M**.
- **Least contributing states** are **Gujarat, Andhra Pradesh, Uttarakhand, Himachal Pradesh, and Karnataka**, with sales ranging between **\$36M–\$38M**.
- **Order volume is highest in Sikkim (596 orders)** and lowest in **Andhra Pradesh (480 orders)**, indicating variation between order count and revenue contribution.
- Zone-wise analysis shows the **North-East region leading with ~\$0.32B**, followed by **North and West**, while the **East zone contributes the least (~\$0.16B)**.

Delivery & Fulfillment Performance

Delivery status distribution is well balanced:

- **Delivered: ~33.9%**
- **Pending: ~33.6%**
- **Returned: ~32.5%**

Category-wise delivery analysis shows **Books and Electronics with slightly better delivery success rates**, while returns remain consistent across categories, indicating systemic logistics challenges rather than category-specific issues.

Key Business Observations

- Strong and diversified revenue base across products, categories, and regions
- Seasonal sales peaks suggest opportunities for targeted promotions.
- Moderate customer ratings and return percentages indicate scope for improving customer experience and logistics efficiency
- North-East zone and Beauty/Electronics categories are strategic growth drivers
